THE MASTERMIND CONCEPT

The power of a true “Mastermind” cannot be denied. In fact, Napoleon Hill, author of Think and Grow Rich said:

In case you don't know the story, Hill was commissioned by Andrew Carnegie to interview 500 successful men and women looking for the secret to success. One of the key concepts he discovered was **the power of a Mastermind.**

“IF YOU CAN GRASP THIS PRINCIPLE AND APPLY IT, YOU MAY HAVE, FOR YOUR EFFORTS, WHATEVER YOU WANT ON THIS EARTH!”

Every titan of industry from Henry Ford to Thomas Edison to William Wrigley, Jr. all tapped into this, either “by accident or by design.”

**THIS MYCELIUM
MASTERMIND WILL BE PART
COLLECTIVE BRAINTRUST
AND PART IMMERSIVE
EXPERIENCE.**

USING THE INTELLIGENCE, BEAUTY AND WISDOM INHERENT IN NATURE AS SEEN IN MYCELIUM NETWORKS, WE WILL COME TOGETHER WITH GREATER PURPOSE, COHERENCE AND OPPORTUNITY.

The Mycelium Network as a Model

The mycelium network is the unseen, underground web connecting plants and trees, providing nutrients and even serving as a means of communication.

These long threads are hidden beneath the forest floor. They serve as the “roots” and create a **shared economy** where eco-systems flourish without greed. Where the mycelium underfoot **ensures neighbors across the entire network have the resources they need to flourish.**

GROWTH

WHAT'S THE MOST IMPORTANT THING YOU'RE CREATING RIGHT NOW?

Each attendee will have an allotted amount of time to share and receive personal feedback from the group. This is where the network comes together and combines its talents, resources and know-how to support and/or accelerate your most important work or opportunity.

This is truly a unique opportunity for community creators, curators and connectors to come together to share best practices, new ideas, joint opportunities and ultimately, for collaboration. There are not too many places for this kind of deeper connection amongst those who gather and support others.

SPECIAL GUEST

LOUIE SCHWARTZBERG

“I THINK THERE IS AN ALTERNATIVE TO CONFLICT AND FEAR, AND IT IS CALLED BEAUTY AND LOVE.”

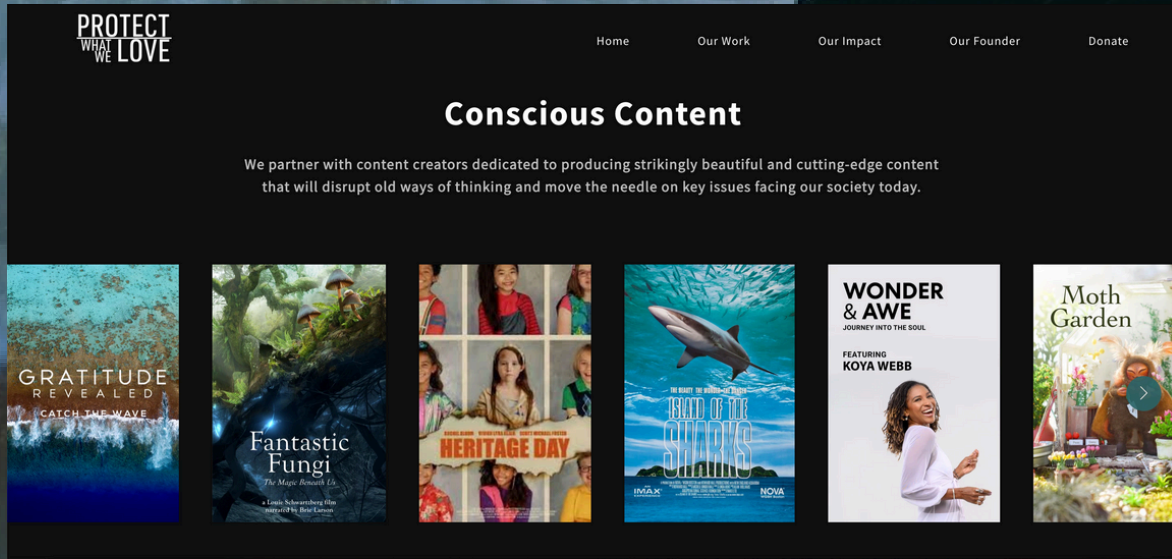

We are thrilled to be collaborating with Louie Schwartzberg, who will help us get a close-up look at the magical world of the fantastic fungi. Louie will be helping us connect to the nature of mycelium with a focus on how regeneration, symbiosis and cooperation are the pathways out of where we currently find ourselves; as individuals, as leaders and as a collective.

Louie Schwartzberg is a visual artist renowned for breaking barriers and connecting with audiences through his stunning storytelling that celebrates life. With a career spanning five decades, he is an award-winning director, cinematographer, and producer known for his breathtaking imagery using time-lapse, high-speed, and macro cinematography techniques.

Louie's impactful work includes three viral TED talks, amassing over 60 million views. In 2017, he received the Debra Simon Award for Leadership in Mental Wellness from the Global Wellness Institute. His Visual Healing programs, which merge nature and technology, offer unique high-definition, immersive films that deliver positive physical, emotional, and psychological benefits.

His acclaimed film, ***Fantastic Fungi***, delves into the world of mushrooms and mycelium, highlighting their potential to address significant global issues like treating cancer, Alzheimer's, PTSD, saving bees, cleaning the atmosphere, and shifting consciousness. Additionally, his series ***Moving Art*** on Netflix, was recently LouieChannel.TV, where it aims to inspire, educate, and evolve our perspective on the world.

We will come together to create a special Breakthrough Brainstorm for Louie to support him in his mission and more specifically with his latest project around creating a platform for Conscious Media.

The project is supported by Louie's non-profit, [PROTECTWHATWELOVE.ORG](https://www.protectwhatwelove.org) and already has 36,000 subscribers (with no paid ads), so it's off to a great start and is in the perfect position to grow.

What's more is that the platform showcases a wide assortment of conscious media so it really is a "rising tide lifts all ships" opportunity!

FUN

WORK ON SERIOUS ISSUES WITHOUT TAKING OURSELVES TOO SERIOUSLY...MAVERICK STYLE.

Step into a world where nature's intelligence takes center stage for a truly unique and transformative journey that is one part imagination and one-part multi-layered experience. The Maverick Mycelium Meshwork will come alive with fungi-themed experiences throughout the event.

And, as we LOVE to say in Maverick Land... "But wait, there's more!" On our last day together (October 17th), you'll be in for a special treat.

We will be calling in a few amazing Maverick Magicians (a new initiative we will tell you all about).

Ultimately, this network of practitioners will be helping us on what we are calling "our return path." The path to optimal **wellbeing**. As part of this experience, you'll get to partake in multiple modalities that will nourish your mind, body and spirit. Think of it as a day of rejuvenation - a little re-charge and re-set returning home to continue doing your greatest work in the world.

THE SETTING DRIPPING SPRINGS, TX

Welcome to the Gateway of Texas' Hill Country. Just 30 minutes outside of Austin, Dripping Springs has an abundance of state parks, towering limestone bluffs and dark skies, which makes it the perfect Texan backdrop to feel connected to nature and our greater world to have conversations that truly matter.

We have secured a stunning resort-style home as the perfect oasis for our time together. The space has an outdoor pool, modern accommodations, spacious gathering areas, a pool table, shuffleboard, and beautiful views of the surrounding hill-country and vineyards!

THE BIG PICTURE: THE VISION OF ONE THOUSAND SUNS LIGHTING 1000 SUNS

Part of our time together will be used to help brainstorm and co-create key aspects of the 1000 Suns Summit culminating on the Summer Solstice (June 20-22, 2025).

This will be a gathering for all of “us.” Those that realize we are here for a greater purpose. Those that feel they are here to raise consciousness and use business as the ultimate lever for good. We will be gathering Wisdom Keepers, Impact Partners, Community Curators, Maverick Visionaries, Investors and Evolved Entrepreneurs as well as Healers, Artists, Maverick Magicians and Multipliers.

Everyone coming together in one spot - ‘The Sandbox.’ Here, the combination of structure, synchronicity and play will support us in creating new projects and accelerating those with significant potential for helping co-create the world we all want to live in.
